

From the OSP... To the MDU... We've Got You Covered

INTRODUCING

Ultimaz™

Sherman & Reilly, Inc.

**Fiber Drop
Placing System**

USA Patent Pending

Over 17 years ago, Sherman & Reilly, Inc. introduced CableJet® & SuperJet™ technology to North America for the Outside Plant. Since then telecoms and contractors alike have come to rely on S&R for the finest quality cable installation equipment, most comprehensive training programs, and fastest product support in the business. Now in the ISP, **Ultimaz™** eliminates MDU issues such as: problem cable routes, duct damage, pull string burn through, and fiber damage. Increase production efficiency with **Ultimaz™** and join the S & R Team today.
