XS-200

Accessories

Adjustable Insulator Adapter

- Two models available: AIA-CF and AIA-J
- Used for reconductoring on vertical tie-top post insulators
- AIA-CF adjusts to fit most insulators with neck dia. for 2 ⅞ - 3 ½ in.
- AIA-J adjusts to fit most insulators with neck dia. for 3 ¼ - 4 ⅞ in.
- Fits all Sherman+Reilly XS-100-B stringing blocks

AIA-CF

Horizontal Line Post Adapter

- Model: LPA-17-A
- Used with horizontal line posts
- Fits in the insulator cap and is held securely in place with the bolt, which is provided for securing the conductor clamp
- This enables accurate sagging and minimizes handling and lifting of conductor during clipping-in operation
- Permits placing block at 30° for negotiating angles

LPA-17-A

Grounding Stud

- Provides location to ground block

Grounding Stud

1210 Adapter

- Designed for hanging aerial cable blocks directly to messenger for mid-span support. Will fit any Sherman+Reilly stringing blocks equipped with socket connector
- Accommodates up to ⅝ in. wire

1210 Adapter
